## GLEE CLUB PRESENTS PROGRAM OF YULETIDE MUSIC

The Fitchburg

State Teachers College will officially open the 1949 Christmas Season at the December 20th assembly when the Glee Club and Ensemble will present a program of Yule Tide music. This event is always eagerly anticipated by the members of the college.

Mr. Kent and Company practice assiduously for their Christmas performance and the result is an hour of excellent and thoroughly enjoyable music.

Constantine Christie, a Glee Club member, will conduct the opening exercises. The first musical rendition will be by the Girl's Ensemble. They will sing "Alleluia" by Mozart and "Bring Your Torches"; an old French carol. The major production of the hour, Fred Warings' arrangement of Songs of Christmas, will be sung by the entire Glee Club, with various solo groups taking part. Rosalie McInerney will accompany on the piano. The Biblical Narrative

## F.T.C. WELL REPRESENTED AT N. E. TEACHERS CONFERENCE

The annual convention of the New England Teacher Preparation Association was held the weekend of Nov. 18th. The headquarters of the conference was in the Bradford Hotel and the theme of the convention was "Teacher Education in the Air Age."

Faculty representatives of the Fitchburg State Teacher's College were: Dr. Sanders; Miss Cunningham; and Mr. Durnin. Noreen McDowell, Sally Healy, James

(Continued on page four)

## COME CAROLING WITH THE NEWMAN CLUB DEC. 19TH

Monday evening, December 19th, the Newman Club will hold its Christmas Carol-sing. The members will break up into groups in order to serenade the faculty at their homes. All the groups will then meet at Burbank Hospital to sing together. Afterward refreshments will be served and there will be dancing at the hospital with Miss Gummo serving as the hostess.

Everyone is cordially invited to attend.

A new ruling has been made in the obtaining of late permissions for group social affairs which will cause Dormitory Girls to be out later than the specified time. The chairman of the group must see Helen Dery, Pres. of the Dormitory Board, who will in turn see Dean Bolger to obtain permission. If Miss Dery is not available, go directly to Dean Bolger. This permission must be requested at least one week before the proposed date.

## STUDENTS ENJOY "OPEN HOUSE" AT THE CLARKS

One of the nicest gestures accorded the students living on campus was the house party given by Mr. Clark, the principal of the Teachers College Junior High School. It was held in the basement of the Clark's home, as this has been done in the form of a game room. There were dart games, cards, and ping pong to keep everyone happy. Dick York proved no match for Mr. Clark in ping pong, but with a little practice Dick hopes to have another go at it. Joan Arthur was a little friendly toward the pet cat, and he scratched her. Mary "Mayor" Murphy was the card shark of the evening, winning in Crazy Eights. Hot chocolate, coffee, cookies, pretzels, and toasted marshmallows were served. Mr. Clark was so pleased that everyone had such a good time that he feels that some time in the future he will have to have another such party. We hope that more will attend the next party as this is an excellent example of student-faculty relationship which promotes better school spirit.

## CO-OP SPONSORS CHRISTMAS DANCE IN LIBRARY DECEMBER 16

### GAVELEERS SPONSOR ASSEMBLY JAN. 10

The Gaveleer Society will open the new year by presenting their annual assembly on January 10th. The Gavs. will offer the student body a unique opportunity, which will be twofold in content.

The first outstanding feature offered to T.C.'s faculty and student body is the engagement of Albert Siska, Pianist.

Mr. Siska is a composer, arranges much of the work he presents, and has acted as a conductor at many concerts. He plays equally well popular and classical music.

He was born in Tarter, Estonia, January 23, 1925. He showed an interest in music at a very early age, entering the Estonian Conservatory of Music at the age of nine and studying piano, organ and composition.

In 1943 he was deported to Germany where he was forced to work as a slave laborer until the fall of the Nazi regime.

Upon liberation he became a pianist for the U.S. Army Special Services working with musical groups throughout Germany.

Mr. Siska has gained increasing popularity through his numerous concerts presented throughout New England, New York and New Jersey. He recently presented a concert accompanying Ludwig Jucht of the Boston Symphony Orchestra, considered the finest contra-bass player in the world. Mr. Siska's next concert

(Continued on page four)

## ADMISSION FEE IS ONE TOY FOR "NEEDY KIDDIES"

Add Christmas Cheer by your generous contribution of a toy to "Needy Kiddies" at the Co-op Christmas Dance. It will be held on Friday night, December 16, in the Library from 8:00 to 11:30 P.M.

The admission fee is one toy, no price limit, to add to the collection of others. These toys will be put into the large box that will be near the door. Don't forget this is your ticket to the Dance. This toy will bring many happy hours to some little girl or boy. Even if you aren't able to attend the dance, your contribution will be gladly accepted.

There is to be a very good orchestra to play the strains of your favorite musical selection. Secret!!! The refreshments are to be a surprise. They will be something different then ordinary punch and cookies. The theme of this will, however, be in keeping with Christmas joy and good times. Come and find out what they are, for you won't find out any other way.

The dress for this occasion will be informal. Even so, let's all bring our best gals and beaux.

The Co-chairman for the dance are Marge Johnson and Bob Calkin.

The various committees are: Advertising Committee, Al Williams, Joan Fredenberg, Jack Legere, and Tom Convery; Decoration Committee: Dee Mulvey, Ruth Vokey, Judy O'Shea, and Sue Forster, Jill McGraw, Joanne Zwiesle, Joan Wilson, Jim Eisenhaure, and Allan Shaw; Refreshment Committee, Jim Craft, and Ken Stone; and Invitation Committee, Nancy Kenny.

There will be no individual invitations sent to the students. So Here's your invitation. Come one and all.

Jolly St. Nick will be there, will you?

(Continued on page four)

## GIRLS AT MILLER HALL HOLD CHRISTMAS PARTY DECEMBER 20

The spirit of Christmas will invade Miller Hall in many ways; among them will be the mad dashing to the "five and dime" and to the library for books on poetry in preparation for the forth-coming annual Christmas Party.

At some time before the party each girl will choose, from a hat, the name of another girl to whom she will give a joke present the night of the party. Attached to the present will be a rhyme to suit both the person and the present. The givers name will be excluded from the gift of course. The limit on the price of the gift will be ten cents.

The party will be held on Dec. the 20th. It will begin at eight o'clock and pajamas will be the style for this occasion.

The "Rec" room will be appropriately decorated complete with a tree and the trimmings.

The entertainment will be furnished by the entertainment committee, who won't say what's in store. What ever is planned, it

will be the best.

After, the entertainment gifts will be given out and refreshments served. The refreshments will consist of sandwiches, cookies, ice cream, and coke.

The dorm council and the members of the various committees have been working very hard to make this a very successful party and one that will be remembered for a long time.

## EXHIBIT WINDOWS IN I. A. OPEN TO ALL

This week Mr. Hammond's Methods classes are putting up window displays in the Industrial Arts Building. These displays are on tools, materials and processes. All college students are invited to see them. Many of these exhibits are from Industrial plants, and will be of interest to all.

thing that happens to them is defilement. But what of Santa? Has he fallen? No indeed! Such a retreat is only temporary. For Santa Claus is not a superstition. The face of superstition is ugly, and fearsome to behold. Santa's face is bright and cheery, full of life. Santa is a symbol. A symbol of all good. And thus he will always stay alive, despite cynicism or snowballs. I believe this.

### HAWKS WHIP GAVS 4-0

On the snow clad athletic field, the Mohawks slid past the Gaveleers to the tune of 4-0 on December 5th. This game is a traditional game played every year in the snow.

The rather deep snow made it impossible for the ball to bounce or to travel in the customary manner which made for a hilarious afternoon of fun. The players often looked as though they were on skates and the pile driving attacks of both teams were slowed up.

The Injuns moved out in front of the Gallant Knights of the Gaveleer Society in the first period on Bernie Bellis's shot past Rene Rheault. Old-timer Max Moczlewski counted the second goal soon after. During the third period George Mailman skidded one through for a tally. In the fourth period in which all club members participated, the chief of the tribe, Maxwell himself, took scoring honors for the afternoon by posting his second goal.

During the brief intermission at the half, the fans were treated to a snow wrestling match, between the two bulls of the campus, Rene Rheault and Dick Johnson. Too bad the half intermission was so short.

### GIRLS BASKETBALL GETS UNDER WAY

The girl's intra-mural basketball competition is gradually taking shape, following Miss Clarks announcement concerning the formation of the teams. The only restriction interposed was the limitation of ten persons to each team.

This week the Adelphians called a special meeting to select six players to represent them and announced that substitutes and a captain will be named at a later date.

Those chosen were A. Bonitz, B. Sherwin, N. Kenney as forwards; P. Morse, H. Mullen, and P. Hartshorn as guards.

This is the first year that all these players play under the name of Adelphians. Last year A. Bonitz, N. Kenney, and P. Hartshorn played for the Grem-lins, the team which was successful in winning the Intra-Mural competition.

From other quarters came the announcement of the formation of another team, "The Snowdrifters," composed of girls in the barracks.

Making up this team are J. Conaty, M. Christofferson, L. Domingue, and P. Murray as forwards; M. Pagel, H. Robinson, J. Philbrick, and D. Girard as guards. J. Conaty was elected captain.

If the early formation of teams is any indication of the interest which is going to be shown by the girls, intra-mural competition should be a great success.

### FALCONS DEFEAT KEENE 53-52

On December first the Falcons opened their 1949-50 basketball season by eeking out a hard fought victory over the Keene Teachers in Keene. Both Fitchburg and Keene looked good throughout the ball game with the Falcons showing the better passing and ball handling.

Bobby Farrar was high scorer with sixteen points and, in a typical story-book manner, saved the game in the last four seconds of play by stealing the ball and scoring on a push shot from the bucket, thus making the final score 53 to 52.

In the first period it looked rather bad for F. T. C., but in the next period after trailing 20 to 8, they held the Keene boys back and almost evened the score. From that time on it was nip and tuck until the final minutes. Going into the last minute of play, Keene led 50 to 49. Fitchburg sunk one to make it F. T. C., 51 to 50, and everyone thought the game was in the bag. Then, with about 30 seconds to go, Keene scored again and the Fitchburg-er's hopes waned. As the clock ticked off the seconds and the crowd almost blew the top off the gym, Bob Farrar stole the ball from one of the Keene men and pushed it up and through at the final horn to give the game to F. T. C. by a score of 53 to 52.

The preliminary game was also a thriller. The Jayvees made it a clean sweep for Fitchburg by taking it 39 to 37. For the opening game the boys were in very good shape and made a fine showing. With some experience, these boys will be a bulwark to the Regulars. Men like Foresman, who scored nine points for high, Stevenson, Balcom, Axon, and Shiminski are always welcome and will be much used in the future. Ralph Clough and Dick Poirer, who combined five of the very necessary points between them, played very steady ball both offensively and defensively at center and guard, respectively.

### FALCONS VICTORS OVER W.T.C. 57-64

The Falcons of F. T. C. gained their second straight victory of the year over the Worcester Teachers at high school gym to the tune of 57 to 46. The win dropped Worcester from the unbeaten brackets and enabled our Falcons to continue their own short win streak.

The story of the game can be told in the first half. Here Fitchburg had finesse and looked slightly terrific as it rolled to a 33 - 20 half time lead. Good team work and brilliant shooting from the floor made that comfortable lead. Worcester on the other hand was finding the going rather tough. Time and time again, our boys stole the ball from out of their grasp to chalk up two point markers.

The second half was different. The Falcons did not click as a unit and looked very sloppy in places. Fortunately, Worcester was still enjoying its difficulties from the first half. As a result, they could only cut the half time lead by two points.

Bob Farrar took scoring honors for the night by swishing 20 points. Bob Duncan followed with 17. The rest of the points were fairly well distributed among the other players. Rowden and O'Leary were top performers for Worcester with 13 and 12 points respectively.

Kiosses, Erickson, Rege and McNamara looked good in spots but it was plainly evident that the team was not at its best. It did show enough of itself however to warn that all the rest of the opposition had better watch out. With a few more games under its belt the Falcons will be hard to beat on any floor. Their hard work in practice will pay off soon. One extremely bad spot was on free throws as the Falcons could score on only 7 tries.

Perhaps the prettiest play of the night was the basket that Jerry Millane got. How he got that one, nobody knows.

## ASSUMPTION BOWS TO FALCONS 55-54

The Falcons, under Coach Bill Provenzani, upset highly favored Assumption College of Worcester 55 - 54 on December 8th before a capacity crowd at the B. F. Brown gym for their third win in as many games. The thrilling finish sent the crowd wild in one of the greatest contests seen hereabouts, in a long time.

With Assumption in the lead 54 - 51 and only 1 minute and 2 seconds of the game remaining, it appeared the game was lost. Fitchburg took the ball into play with Bob Duncan taking a set shot from outside the bucket. This pretty floater swished the nets and brought the Provenzani men to within 1 point of the lead. Assumption tried to increase its lead, Ace Erickson intercepted the ball with but 17 seconds to go. Here a fast break and two quick passes gave the ball to Jerry Millane under the basket. Jerry pivoted and twisted and sent up the nicest shot of his court career. The spinning ball found the back-board and circled into the net for the winning margin. The stands went wild with excitement as Fitchburg stole the ball and Bob Duncan teamed with Johnny Kiosses to freeze the ball until time ran out.

Fitchburg jumped into a quick lead at the opening gun. This they held until 2 minutes before the first half when they tired. The taller Greyhounds pushed through with their height and built up a 32 - 29 half time lead.

During the third period it appeared as though Assumption would run away with the game. The Falcons fought back hard to put themselves within reach of their opponents, from where they brought the roof down with their Hollywood finish.

"Stretch" Pontbriande, the hugh center of Assumption who dwarfed Bob Farrar, was the games high scorer with 21 points. Bonvouloir was held to 12 points in this contest. He is the boy who had been scoring better than 20 points per game for over a year. For Fitchburg, Bob Farrar, Bob Duncan and Ace Erickson were high scorers, netting 14, 13 and 12 points respectively. Dick Rege, Ed Sandomierski and John Kiosses displayed good basketball in this all important game. Jerry Millane's fine play off the boards made him the defensive star of the night.

Although the Falcons looked ragged at times in their shooting, it was evident that the free throw line gave the most trouble. As in other contests this year, the team average from this site was very poor. They could register only 9 points for a poor percentage. Oddly enough though, this game was actually won on the free throw line. Assumption could score on only 8 attempts and both teams made good on 23 floor goals.

The JV's also continued unbeaten as they whipped the Assumption JV's by a 52 - 40 margin. After gaining a 23 - 18 half time lead, the Falconets came back with a rush and held a commanding 12 point lead the remainder of the way. The fancy shooting of Ed Balcom highlighted this affair as he personally tallied 25 points. Ralph Clough, Buddy Stevenson and Paul Shiminski contributed excellent support.

FTC	F.G.	F.T.	Pts.

ASSUMPTION	F.G.	F.T.	Pts.
Breault	1	0	2
Brassard	1	2	4
Archambeault	4	1	9
Pontbriande	9	3	21
Bonvouloir	5	2	12
St. Sauveur	3	0	6
Arsenault	0	0	0

Half time score: 29 - 32.  
Referees: Roberts and Hutchinson

The rules for basketball have been altered this year with hopes that it will make for a faster and fairer game.

A player may enter a game any number of times providing her reason for leaving is not disqualification. Each time she enters she must give her name to the scorer and remain outside the boundary line until an official tells her to enter. "Time-Out" will be charged to the official providing this does not consume more than thirty seconds, in the event that it does, it will be charged to the team making the substitution.

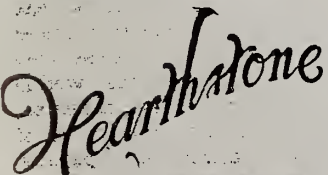

During the half, players must report to the scorer if they are substitutes, but are not required to report to the referee or umpire.

A limited dribble has now been made a legal tactic of the game. Under this new ruling a ball may be bounced twice in succession, but if held, even momentarily after the first bounce, it cannot again be dribbled.

A change has also been made in regard to free throws. "Time-Out" is now taken whenever a foul is called. The forward who takes the free throw is awarded the ball out-of-bounds, whether she makes or misses the goal. "Time-In" is not called until the forward throws the ball in-bounds.

"Boxing-Up" may occur even though the two players on the same team are not actively guarding. If a player who has the ball is able to successfully execute a pass or shot at the goal in spite of the boxing up, the official will not necessarily call the foul.

Technical Team Fouls will no longer be counted towards disqualification of the captain of the team making the foul.

**GAV. ASSEMBLY**

(Continued from page one)

will be presented in Manchester, New Hampshire on January 29, 1950.

The second feature of this assembly lies in the fact that Mr. Siska has consented to let the student body select their own program. This will be accomplished through a contest in which the students will submit names of selections they would like to hear. The selections having the largest majority of requests will be played by Mr. Siska. The Gavs. cordially invite everyone to drop their suggestions in Box No. 287.

**FRANCIS KEPPEL GUEST SPEAKER AT ASSEMBLY**

The November 29th. Assembly was one of the most fascinating of the year. Francis Keppel, Dean of the Harvard Graduate School of Education, was the speaker. Dean Keppel defined his former position of Assistant Dean as a "mouse learning how to be a rat." He also typed himself as an "academic handyman." Francis Keppel is a young, vital and forward looking Dean. He, as so many other modern educators, believes that it is the duty of schools to educate the "whole man." Dean Keppel believes this can best be accomplished by education in the Social Studies. Education is to solve problems scientifically. The Graduate School curriculum must be based on "Social Engineering," not in disconnected subject matter that does not stress problem solving. The student body felt that Dean Keppel's talk was very helpful. We shall look to the Harvard Graduate School of Education for more instructional and progressive developments in the field of Education.

**MRS. WALLACE GUEST SPEAKER AT ASSEMBLY**

Mrs. George R. Wallace, a prominent citizen of Fitchburg, was the guest speaker at the November 22nd, assembly. Mrs. Wallace is the chairman of the Board of Trustees of the new Fitchburg Youth Library and it is mainly through her untiring efforts that the library is now near completion. The speaker explained how children had worked to raise money for their own library. This beautiful center proves what can be done when the youth, the adults and the officials of a city work toward a common goal. Mrs. Wallace said that the center has been given national honor; people coming from as far as California to view this functional, graceful structure. The New Youth Library will be able to seat 2000 for movies which will be available to all. Television, a radio and recordings will also be at the disposal of the children. Mrs. Wallace closed her talk by extending an invitation to the F. T. C. students to visit the library at any time.

**NEW ENGLAND TEACHER PREPARATION ASSOCIATION CONVENTION**

(Continued from page one)

Craffey, and Edward Sandomierski represented the student body.

The opening session of the conference was held Friday morning, Nov. 18th, in the Lobby Salon of the Bradford Hotel. Dr. Howard R. Jones, president of the New England Teacher Preparation Association greeted the delegates from the various colleges and Mr. James V. Bernardo, assistant civil aeronautics administrator, addressed the assembly.

Following the general assembly, all the convention participants boarded Navy busses enroute to the aircraft carrier, U.S. S. Kearsage, anchored in the Boston Harbor. Rear Admiral Glover, U. S. N. Commander of the Air Fleet at Quonset, greeted and welcomed everyone aboard the ship. The Navy representative stressed the importance of Naval Aviation today and for the future. A tour of observation, to all departments aboard the ship, was guided by officers who explained to their particular groups as much as possible about each.

Flight deck operations were interpreted over the speaker system and fire control group executed an efficient drill. The engineering department was observed, the radar-gun system was explained and the admiral's quarters were visited. Perhaps the most interesting of all was a helicopter sea-rescue demonstration which was performed on the deck of the carrier. Coffee and refreshments were served in the officers lounge and a movie of the jet-propelled "Phantom" was shown. Following these activities, supper was served aboard ship and the party left for Logan International Airport. Participants in the

conference were divided into three groups rotating among the various activities presented at the airport. A tour of the Northeast Airlines operations was conducted and the function of each department was explained. Lecturers at the airport were: Commander Otto Enderton, District Supervising Safety agent, C.A.A.; Mr. E. O. Newman, Senior Air Carrier Inspector of Operations; and Mr. Murray Carney, Mass. State Air Inspector. A flight in the Eastern Air Lines Constitution over Boston and vicinity followed.

At the general assembly in the Hotel Lobby Salon, Saturday morning, the address "Teacher Education in the Air Age" was given by Dr. John H. Furbay, Director of Air World Education, Transworld Airlines, Kansas City, Missouri. Conference participants were divided into ten discussion groups and each group met separately and discussed similar topics. The luncheon session was at the roof ball room of the hotel after which the Plymouth Teacher's College choir sang selections for the group. Guests were presented and Dr. W. J. Sanders reported a summary of all the discussion groups. Dr. Harold Benjamin, Dean of the College of Education at the University of Maryland addressed the assembly. The successful conference came to an end with the induction of officers for 1949-1950.

**POEMS BY F. T. C. STUDENTS**

(Continued from page one)

National Anthology. Miss Richards, who calls her poem "Substitution" and Miss O'Rourke whose poem is entitled "Eternal Wonder" were prompted to try creative writing in the Contemporary Poetry course. Miss Nixon when interviewed by the reporter refused to share in the honor. "The students wrote the poems; I only encouraged them," she said. Miss Frances Bolger and Crescimbeni whose poems are "Humble Submission" and "Nature" respectively, wrote their contributions wholly on their own initiative and deserve great praise.

**GLEE CLUB**

(Continued from page one)

will be by Fred Maichle. Martha Harrington, alto, sopranos Beth Stoumbulus and Carol Grant; tenor Richard Smith and baritone Donald Clark will be soloists in the Song of Christmas. A mixed quartet, consisting of Lucy Hirsch, Louise Sobczak, Richard Aseltine and John Porter will also star in the main presentation. Gerald Hurley, Robert Smith and Wesley Rowe will be featured in a trio. The program will be concluded by group singing of familiar Christmas Carols.
